

MOONLIGHT RAFTING

Pemi-Baker
River Adventures

33 Sanborn Rd. • Plymouth, NH 03264

(603) 536-5652

NEW FOR 2009

Our guided Full Moon Floats are offered the night of the full moon. All participants will need to meet at Pemi-Baker River Adventures by 7:30pm. After signing up, we are all transported to Smith Bridge, where we will be briefed on the trip. Once the group is briefed, we fit life vests, grab paddles and boats, and head to the river.

All boats will be lighted with low output glow sticks on the stern of the boat. The glow sticks help us keep track of all boats as we make our way down the river. The group will be guided by two Pemi-Baker River Adventures guides. One guide will lead the group down the river, while the other will bring up the rear.

The trip runs four and one half miles from Smith Bridge to the River Front Park.

Nearing the end of the trip, we will stop, get out of our boats. We will offer snacks and beverages during this break period. When everyone is

ready to move on, we will get back in our boats and paddle the mile to the take-out. Depending on the river level, nighttime air temperature, and the amount of fun we are having, the trip should last between two and three hours.

Price includes: canoe or raft, paddles, life vests, shuttle service, basic riverside instruction, guides, snacks and beverages.

**When: June 7, July 7, Aug. 6,
Sept. 4, 2009**

Where: Baker River, Plymouth, NH
